I. The Council is of opinion that the following subjects require elucidation are the following:

1. The interpretation of the first point of Art 12 & Art 15 of the Covenant with reference to the extent of the powers & duties of the League as to the investigation & consideration likely to lead to a rupture of disputes between members of the League & the effecting of settlement of such disputes.

2. The existence & nature of the right of one state to enforce demands
made upon another state by means of coercion such as the occupation of territory or the like. How far, if at all, the Covenant has modified any such rights or between Members of the League.

3. The responsibility of a state with respect to certain crimes committed on its territory.

II. The Council decide, in principle, that questions to elucidate their subject should be submitted to the Permanent Court of International Justice so that the justice to be normal.
by the President of the Council shall be asked to draft questions for the purpose.
